

## **CHAPTER 15: SUBMITTING THE APPLICATION PACKAGE**

**[7 CFR 3555.107]**

### **15.1 INTRODUCTION**

It is the lender's responsibility to work with the applicant to ensure all necessary documentation is obtained to satisfy the requirements for loan eligibility. Lenders may utilize industry standard forms when assembling the application package. The loan must be underwritten and approved by the lender prior to submission to the Agency. The Agency requires that lenders use the Guaranteed Underwriting System (GUS), the Agency's automated underwriting system, for all supported loan products. Lenders will certify upon a "final" underwriting submission that the loan has been reviewed, underwritten, and all data entered in GUS is true, complete, accurate, and retained. Lenders must review the GUS Underwriting Findings Report to ensure all requirements are met. Refer to Attachment 15-A, *Guaranteed Rural Housing – Loan Origination Checklist* for a list of required items to be provided to the Agency for a complete loan application package.

### **15.2 LENDER RESPONSIBILITY**

The originating lender is responsible for the accuracy of all information used to obtain a Rural Development guarantee in accordance with 7 CFR 3555 and this Handbook. The permanent loan file must contain verified documentation that supports household eligibility for the Single Family Housing Guaranteed Loan Program (SFHGLP) and the lender's approval of the loan request.

Lenders are not authorized to close loans prior to the issuance of the Conditional Commitment. Closing a loan prior to obtaining a Conditional Commitment from the Agency will render that loan submission ineligible for a Loan Note Guarantee and may affect the lender's approval status to participate in the program.

### **15.3 LOAN APPLICATION PACKAGE**

#### **A. Manually underwritten loans**

Manually underwritten loans are defined as:

- GUS applications that receive an underwriting recommendation of "Refer" or "Refer with Caution", or
- Applications reviewed and approved that are not supported in GUS, including Streamlined Assist Refinance transactions and select pilot programs.
  - These loan applications must be manually submitted and underwritten. The associated documents may be uploaded in GUS, and a job aid for this type of

submission is available in the USDA LINC Training and Resource Library in the “Loan Origination” tab located at <https://www.rd.usda.gov/resources/usda-linc-training-resource-library/loan-origination>. Alternatively, the lender may email the complete loan application package to the appropriate Rural Development Production Team. The applicable email address can be found on the SFH Guaranteed Lender webpage at <https://www.rd.usda.gov/page/sfh-guaranteed-lender>. Lenders must ensure all personally identifiable information (PII) is protected.

## **B. Guaranteed Underwriting System - GUS Accept loans**

### ***1. Streamlined Documentation Loan Files***

When GUS renders an underwriting recommendation of “Accept,” this allows the lender to submit streamlined documentation to request a Conditional Commitment. Information regarding processing procedures is located in the GUS User Guide posted to the following resource site:

<https://www.rd.usda.gov/resources/usda-linc-training-resource-library/guaranteed-underwriting-system>

### ***2. Full Documentation Loan Files***

GUS “Accept with Full Documentation” loan files require additional items to be submitted to the Agency. Full documentation submissions are not re-underwritten by the Agency. Full documentation loan files will undergo a review to compare the data entered by the lender to the submitted documentation. Any discrepancies identified by the Agency will be reviewed with the approved lender before the file is released for correction or denied.

## **15.4 ELECTRONIC SIGNATURES**

Rural Development will accept electronic signatures for origination, loan closing, and servicing documents unless otherwise prohibited by law or program. This guidance is limited to lenders. Agency staff will continue to follow internal policy.

The 7 CFR 3555 rule does not prohibit or consent to electronic signatures. Lenders may use electronic signatures when the lender perfects and maintains a first lien position, an enforceable promissory note, and meets all other agency requirements. This includes electronic promissory notes (eNotes), deed of trust and other documents relevant to the loan transaction. Lenders should be familiar with the securitization requirements of government sponsored enterprises (GSE), such as Ginnie Mae, regarding the transferability of eNotes.

Lenders who choose to accept electronic signatures must meet the standards and requirements set forth in the E-Sign Act, as well as all other applicable federal and state

regulations and guidelines. Lenders are charged with the same responsibility of due diligence with electronically signed documents as they are with paper documents.

If any electronically signed document is deemed unenforceable (e.g. the promissory note, mortgage or deed of trust) and is connected to any fraud, misrepresentation or negligent servicing, the lender bears the risk that any loss claim submitted in relation to the unenforceable document will be denied or reduced in accordance with applicable regulations. The lender's failure to collect on the promissory note or enforce the security instrument because of its electronic signature will be treated as negligent servicing under SFHGLP regulations.

Failure to comply with any Federal statute or regulation could result in the denial of a loan guarantee or claim, withdrawal of lending authority and/or debarment from Federal programs.

## **15.5 AGENCY REVIEW OF APPLICATION PACKAGE**

The Agency's automated system will track the date and time the application package is received. Agency review of the application package is completed in the order it is received. As outlined below, there are circumstances which may require a more thorough review by the Agency. In these situations, the Agency will contact the lender.

### **A. Content of Standard Review**

In general, the Agency will review applications to determine that all program requirements have been met. The lender has sole responsibility to properly underwrite the loan and ensure program requirements have been met. Agency review of the application does not relieve the lender of these responsibilities. Agency staff must determine if the loan:

- Is made to an eligible applicant(s),
- Is located in an eligible rural area,
- Meets the adjusted annual income limit,
- Has appropriate collateral value to support the loan request,
- Meets environmental requirements of RD Instruction 1970, and
- Meets applicable requirements of 7 CFR 3555 and this Handbook.

Agency staff will utilize the SFHGLP Documentation and Processing Checklist in their review of Conditional Commitment requests, which assists in the review, processing, and closing of a guaranteed loan.

## **B. Agency Review of Lender's Underwriting Decisions**

It is the approved lender's responsibility to underwrite loans, however, under limited circumstances, the Agency may determine that a more thorough review of the lender's submission should be performed. The Agency must notify the lender in writing of the additional review. The Agency may review the lender's underwriting decisions under the following circumstances:

### ***1. Lenders who are new to the program***

When a new lender is approved for participation in the program, the initial application submissions will receive a thorough Agency review, including a review of the lender's underwriting decisions. The purpose of these reviews is to provide training and ensure that the lender has a complete and accurate understanding of the Agency's requirements. The Agency will continue to review new lender underwriting decisions until the Agency is confident that the lender is performing satisfactorily. Additional training is provided when incomplete or deficient packages are received during initial submission.

### ***2. Lenders that submit incomplete or inaccurate applications***

If a lender submits incomplete applications or applications with inaccurate information, the Agency may choose to review the lender's underwriting to ensure that they understand the Agency's requirements. Thorough reviews will continue until the lender demonstrates their ability to submit complete and accurate application packages on a regular basis.

### ***3. Lenders with significant loan review findings***

Lenders that exhibit above average default, foreclosure, and loss claim activity may have their current loan submissions reviewed more thoroughly by the Agency. The lender will be referred to the Lender Oversight Branch for continued monitoring.

## **C. Conditions for the Loan Guarantee**

Agency staff will determine if any conditions must be met for the loan to qualify for a guarantee. Terms and conditions will be listed and issued to the lender on Form RD 3555-18 or Form RD 3555-18E, *Conditional Commitment for a Single Family Housing Loan Guarantee*.

## **15.6 LENDER NOTIFICATION ON REQUEST FOR LOAN GUARANTEE**

The Agency will notify the lender of the results from the application review. The following are possible results of the review:

**A. The Request for a Loan Guarantee is Approved**

If the loan file meets Agency requirements, the lender will receive an email with a link to view Form RD 3555-18/18E, *Conditional Commitment for Single Family Housing Loan Guarantee*. The Conditional Commitment establishes conditions for issuing the Loan Note Guarantee. This form will also be available under the Documents section of the GUS system once it has been issued by the Agency. In order to receive the Loan Note Guarantee, the lender must submit any required documents and certify to all conditions noted on Form RD 3555-18/18E (including any attachments to the form). Chapter 16 of this Handbook provides additional guidance to obtain the Loan Note Guarantee.

**B. Return of Incomplete Applications**

If the application request is missing information specified in Attachment 15-A and/or the final GUS Underwriting Findings Report, the Agency will suspend the application and request the missing documentation from the approved lender. Once the file is complete, the lender must alert OPD staff that all requested information is ready for a subsequent review, as GUS does not automatically alert the Agency when new documentation is uploaded. The file will then be placed in line again for Agency review. If the lender cannot provide the necessary information, the lender should request to withdraw the loan file from GUS. Agency staff will not withdraw loan files without first contacting the lender to request the missing documentation.

**C. The Request for a Loan Guarantee is Denied**

The loan guarantee request will be denied if the proposed loan fails to meet program requirements. The Agency will notify the lender in writing of the reason for the denial and will provide review and appeal rights as indicated in Appendix 3 of this Handbook. The Agency must properly process the loan in the Agency's internal Guaranteed Loan System (GLS) database to record the loan denial.

**15.7 LENDER RESPONSE TO CONDITIONAL COMMITMENT**

The lender has three responses to the issuance of Form RD 3555-18/18E: the lender may accept the terms and conditions, decline the terms and conditions for loan guarantee, or request that the terms and conditions be altered.

**A. Accepting the Conditions**

If the lender understands and agrees to accept the conditions listed on Form RD 3555-18/18E, no further communication with the Agency is required until the lender is ready to request the loan guarantee. The loan must close in accordance with Form RD 3555-18/18E which includes:

1. A loan amount equal to or less than the authorized amount,

2. An interest rate equal to or less than the authorized amount, and
3. Compliance with all stated conditions.

### **B. Declining the Conditions for Loan Guarantee**

If the lender determines that the terms and conditions stated on Form RD 3555-18/18E cannot be met, that the loan guarantee is not needed, or that the loan will not go to closing, the lender must inform the Agency in writing as soon as possible. The funds for that loan request are reserved for the transaction until the expiration of the Conditional Commitment. Upon being informed that the lender intends to decline the conditions for loan guarantee, Agency staff will cancel the loan guarantee obligation in GLS. This will release the committed funds for reallocation to a new commitment.

### **C. Requesting Changes in Conditions**

Requests to close the loan at a lower loan amount or interest rate than those authorized on the issued Conditional Commitment do not require any action. If the lender believes that there are erroneous conditions and requirements on Form RD 3555-18/18E that should be altered, the lender can contact the Agency and propose alternatives. The request must be via email and must not affect the eligibility of the loan.

Modifications that adversely affect the loan, such as an increase in loan amount, interest rate, monthly liabilities, real estate taxes and homeowner's insurance (that exceed the allowed threshold); or lower repayment income, assets, etc. require a new underwriting review. Refer to the resubmission policy outlined in Chapter 5 of this Handbook. The lender is not authorized to close the loan until a new Form RD 3555-18/18E is issued.

**ATTACHMENT 15-A**

**Loan Origination Checklist**

**Lender Instructions:** Submit the identified documents for the applicable loan type. To expedite loan review, please submit only the identified documents. Documents must not exceed the maximum allowable age set forth in the 7 CFR 3555 and Handbook 1-3555. Rural Development will consider all documents submitted as the certified and true copies of the original documents retained in the lender's permanent file. Lenders should submit loan files electronically to Rural Development. See electronic delivery information in the SFHGLP Lending Partner Webpage: <https://www.rd.usda.gov/page/sfh-guaranteed-lender>. In the subject line include the following: Loan Origination: Borrower Last Name, First Name
